# ABOUT US

At The Gift Concierge (TGC), we believe a gift is never just a product, it is a story, a gesture, and a memory in the making.

Founded by Vedika Shah, TGC is India's first luxury gifting consultancy, pioneering a new way of celebrating relationships through thoughtful, bespoke creations. From being recognized for our unique Courtship Concierge service to curating gifts for individuals, corporates, and families across India, our journey has always been about reimagining how people connect through giving.

With offices in Ahmedabad and Kolkata and operations pan-India, our team works at the intersection of design, heritage, and craftsmanship to create gifts that feel personal yet timeless. Each collection is an experience rooted in storytelling, elevated by artistry, and tailored with care to leave a lasting impact.

This Diwali, we bring you a curation that celebrates tradition, creativity, and the joy of sharing. Because for us, gifting is not just an exchange - it is a meaningful ritual that strengthens bonds, honors milestones, and stays with you long after the moment has passed.

*Brews & Belonging*  
Some moments don't ask for words — only warmth.

A familiar weight in your hands. The slow swirl of something comforting. A silence that feels full, not empty. These pauses, though small, carry meaning. They offer room to breathe, to reflect, to simply be — alone or with someone who matters.

This is a tribute to that feeling — of slowing down without guilt, of choosing presence over pace. Because what we slip may change, but the comfort of the ritual, the belonging it brings — that remains timeless.

*... a lot of joy  
... the pause*
